To

- 1) The Secretary, CBSE
- 2) Joint Secretary, Delhi West
- 3) The Principal, Darbari Lal DAV Model School, Delhi
- 4) Superintendent, CBSE Headquarters, Delhi.

Subject : An application to the committee for reviewing the conditions related affiliation.

Sir / Madam,

In reference of the above, I would like to request the committee to look into the matter and review the aspects as mentioned below :

	Reason	Clarification
1.	The school has uploaded certificate of change of address on 29-11-2021 but the recognition certificate is issued on 07-03-2022 bearing old address. Further, the school has not uploaded the NOC for affiliation from CBSE in the online application. a combined NOC/recognition certificate dated 20-07-2022 has been uploaded by school on its website which is received after the conduct of inspection.	The address of the school has been updated after being approved by the concerned authority. "For CBSE affiliation a separate NOC is required" the point was not known specifically. Presently, the required NOC is available. The documents are enclosed.

2.	<p>In the online application, school has filled the land area 4537 sq mtrs of land under category "In the Municipal Limits of Chennai, Delhi, Kolkata and Mumbai or the state of Arunachal Pradesh or the state of Sikkim or the islands", whereas the school is located in the "Hooghly" district which does not come under above category.</p>	<p>The place Dakshin Rajyadharpur, is a part of Serampore, in Hooghly district governed by "Kolkata Municipal Development Authority". The legal / authorized document of which is enclosed herewith.</p>
3.	<p>As per the videography link, which is for 09:15 minute, between 7:57 and 08:01 minutes, it is seen that this school boundary is incomplete and height of boundary wall is not as per norms i.e. 6 (at video time 00:28 Seconds), Play area is not developed, outdoor game facilities are not available, Science labs area less equipped, Library, computer lab, mathematics lab, Ramps and separated toilets for CWSN are not covered in the video.</p>	<p>The boundary wall was already constructed about 6 feet at present.</p> <p>Complete video during the inspection is enclosed.</p> <p>Regarding the well constructed building, fully equipped computer and science labs as well as the perfectly maintained class rooms, those were not clearly visible in the video are snapped again and are attached here for your king consideration.</p>
4.	<p>As per IC, size of Composite Science Lab filled by school in the application is incorrect.</p>	<p>Size of Composite lab 22 Feet X 40 Feet = 880 Sq Feet or 81 Sq meter</p>
5.	<p>The school is still under construction with un plastered rooms and glass less windows and construction material strewn around, endangering the safety of students and staff.</p>	<p>During the inspection on 19.07.2022 some areas of the school building were under construction. But presently the building as well as the class rooms are well constructed. The concerned photographs are attached here.</p>
6.	<p>The school is paying salary to its staff member through cash and cheque instead of ECS mode. In the light of the above, the application is rejected.</p>	<p>Regarding the payment of the salary to the staff the ECS mode has been adopted, the Bank Statement has been attached herewith.</p>

It will be an act of kind cooperation from your good office if we are given an opportunity for reviewing the matters as mentioned above, before completely rejecting the application for the affiliation.

With regards.

Your sincerely,

Ranjana Chakravorty
